GRAY AIR OPERATED TRUCK JACK

GRAYS Air Hydraulic Jacks are ideal for road service works due to their field-ready design. It has a Unique QuickLift feature (internal design raises the ram to the load at a quicker rate of speed).

FEATURES & BENEFITS:

- Unique QuickLift feature (internal design raises the ram to the load at a quicker rate of speed)
- Low starting height of 8"" allows for easy positioning & spotting underneath low-profile vehicles
- Air ram retract utilises shop air to reset the ram back to a minimum starting height
- Field ready design makes it ideal for road service work
- Black Hard Coating protects ram from rust and corrosion
- Acme threaded screw adjustment for flexible start height
- Modular design for easy repair
- Air retract ram for ease of use
- Long handle design for hard-to-engage vehicles
- Large rubber wheels for easy movement
