EQUIPMENT

## TANKS & SYSTEMS

MAKING EVERY DROP COUNT

ultraflo

GRACO

**A-FLO Equipment is an Australian-owned and family operated company that has been providing high-quality fluid handling solutions to diverse market sectors for over 30 years. Our experienced team of professionals is dedicated to delivering exceptional customer service, with a focus on building long-term relationships with our clients.**

At A-FLO, we take pride in our strict quality standards, ensuring that all of our products are designed and produced to meet or exceed the demanding conditions of the Australian market. We offer innovative, economical, and reliable solutions to meet the needs of our customers, with an extensive range of products to choose from.

As a family-operated business, we understand the importance of local values and our commitment to the Australian market. With A-FLO, you can expect a reliable and trustworthy partner for all your fluid handling needs.

**380+**

Systems Delivered

**4000+**

**55+**

Average Yearly Fuetainer Diesel Tanks Delivered

## WHO WE ARE & WHAT WE DO

**Complete project coverage:** delivering tailored solutions Australia-wide, covering a broad range of tank and system needs.

**National coverage:** ensuring accessibility and convenience for clients across every corner of Australia.

**Stringent quality standards:** every A-FLO product and installation is meticulously designed and manufactured.

**Commitment to innovation, economy, and reliability** with customised solutions for every project.

**Family-operated and locally engrained:** taking pride in our family-operated ethos deeply ingrained in local values, A-FLO remains dedicated to serving the Australian market.

# At A-FLO Equipment we supply a range of self bunded, containerised and single skin tank solutions that are environmentally friendly and cost effective.

Designed and engineered by our highly qualified team, our tanks can withstand the extreme Australian weather conditions whilst meeting standards across the globe.

We have solutions for your all your fluid storage needs:

- Diesel tanks available in self bunded or single skin (steel or poly)
- ULP tanks available in self bunded tanks (steel only)
- AdBlue tanks available in self bunded or single skin (steel or poly)

With custom design and complete turnkey solutions, our team works with you to deliver the best refuelling solution for your requirements.

Our tanks are manufactured to Australian standards.

We offer commissioning and servicing Australia-wide for your tanks giving you peace of mind.

Upon delivery our team will provide on-site training so you can **Make Every Drop Count!**

## WE HELP YOU:

Determine the best solutions for your requirements

Develop a convenient, easy and customised result

Provide excellence in design and functionality

Improve business profitability

**ENGINEERING & DESIGN**

A-FLO's team of specialist engineers allow us to design and develop tailored projects to your requirements prior to the production stage.

**MANUFACTURING**

Our manufacturing team works closely with our engineering and design team so we can tailor the right solution to your business.

**ON-SITE INSTALLATION**

The A-FLO installations team are experts in onsite industrial fuel tank installation and commissioning.

**SITE COMPLIANCE**

Our experienced Installations team are across all compliance regulations, ensuring every stage of the project development to installation and maintenance.

**ON-SITE MAINTENANCE**

Our experienced maintenance team are equipped with all the requirements to prevent fuel contamination and equipment downtime, minimising interruption and impact so your business continues to operate at peak functionality.

**SPARE PARTS**

A-FLO offer a range of spare parts. Our Team ensure stock is on hand so when you need it urgently, you have it.

## Diesel Tanks

### FUEL TAINER DIESEL

## Containerised Self Bunded Bulk Diesel Storage Tanks

#### FEATURES & BENEFITS:

- Self bunded Diesel Static storage tank specifically designed to handle larger fuel storage requirements
- Minimal installation costs and low maintenance saves your time and money
- Rounded corners on roof to provide extra strength and does not allow debris or water to pool in corners
- Floor drains to low point at front of the tank for water removal
- ISO Standard shipping container design (10', 20', 40' & 48') and are built in accordance with all Australian Standards including AS1940, AS1692, AS1657 & UL Approvals

#### APPLICATIONS:

- Fuel distribution
- Power generation
- Military transport
- Construction
- Transport
- Civil & construction

#### FUEL TAINER CONTAINERISED SELF BUNDED BULK DIESEL STORAGE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
FT12	11,800	11,240	2,991 (L) x 2,438 (W) x 2,896 (H)	4,950

## Diesel Tanks

# FUELBOX

## Fuel Storage Tanks

### FEATURES & BENEFITS:

- Self-banded Diesel Static storage tank specifically designed with small footprint with space being a premium in transport & civil construction depots
- Minimal installation costs and low maintenance saves both time & money
- Secure lockable pump bay
- Flexible options with pumping equipment & tank gauging

### APPLICATIONS:

- Fuel distribution
- Power generation
- Military transport
- Construction
- Transport
- Civil & Construction

### FUELBOX DIESEL FUEL STORAGE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
FB-ST5	5,500	5,000	2,950 (L) x 1,140 (W) x 2,550 (H)	2,050

## Diesel Tanks

# FARMBOX

## Diesel Single Skin Storage Tanks

### FEATURES & BENEFITS:

- Designed to handle larger fuel storage requirements
- Minimal installation costs and low maintenance saves your time and money
- Flexible options with pumping equipment & tank gauging. Multiple fuel management systems available
- 2 inch fill point with camlock & cap
- Ladder for dipstick access

### APPLICATIONS:

- Agricultural
- Earthmoving
- Transport

### FARMBOX DIESEL SINGLE SKIN STORAGE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
AF-FB-SS28	29,500	28,000	7,009 (L) x 2,196 (W) x 2,690 (H)	4,226
AF-FB-SS36	37,900	36,000	8,745 (L) x 2,196 (W) x 2,690 (H)	5,110

## Diesel Generator Tanks

## FUELCUBE® Self Bunded Diesel Tanks

### FEATURES & BENEFITS:

- Self bunded cube with lockable hatch on top of the tank
- Suitable for diesel or unleaded petrol
- 2 inch fill point with camlock & cap
- Multiple options for drawing fuel from the tank
- Lines & provisions for Genset Refuelling
- Forklift & crane lifting points
- Stackable for transporting when empty
- Statutory decals fitted

### APPLICATIONS:

- Agricultural
- Earthmoving
- Industrial
- Mining
- Transport
- Government departments
- Power Generations

FUELCUBE SELF BUNDED DIESEL STORAGE TANK SPECIFICATIONS				
PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
CUBE-8K-DIST	8,310L Diesel	7,800	3,950 (L) x 2,264 (W) x 1,310 (H)	2,090
CUBE-8K-ULP	8,310L ULP	7,800	3,950 (L) x 2,264 (W) x 1,310 (H)	2,090

## Diesel Tanks

## FUELCUBE® Self Bunded Diesel Tanks

### FEATURES & BENEFITS:

- Self bunded cube with lockable cabinet on the front fascia
- Suitable for diesel or unleaded petrol\*
- 2 inch fill point with camlock & cap
- Multiple options for drawing fuel from the tank
- Lines & provisions for Genset Refuelling
- Forklift & crane lifting points
- Hot dipped corner posts for protection
- Stackable for transporting when empty
- Statutory decals fitted
- Large equipment cabinet

### APPLICATIONS:

- Agricultural
- Earthmoving
- Industrial
- Mining
- Transport
- Government departments
- Power Generations

\*also available for unleaded petrol

## Diesel Tanks

## POLY REFUELLER

### Poly Self Bunded Diesel Tanks

#### FEATURES & BENEFITS:

- Self bunded for environmental protection and prevents contamination
- Fitted with a lockable cabinet
- Thermal protection
- 2 inch camlock filling coupling
- Complete with 240V Transfer Pump 100LPM, 6m Hose, Auto Nozzle, Bulk Fuel Filter, High Level Alarm, Bund Leak Detection, Digital Flow Meter, Mechanical Overfill Protection Valve, Digital Level Gauge
- Suitable for diesel

#### APPLICATIONS:

- Agricultural
- Construction
- Transport

POLY REFUELLER SELF BUNDED DIESEL STORAGE TANK SPECIFICATIONS				
PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
PR-G5	5,000	4,750	2,880 (L) x 2,380 (W) x 2,730 (H)	800
PR-G10	10,000	9,500	3,000 (L) x 2,500 (W) x 2,960 (H)	1000

#### OPTIONAL EXTRAS:

PART NO.	DESCRIPTION
GM-SSDP	Pro Panel Dispensing Package C/WControl Box, Automatic Nozzle Holster, Emergency Stop, Pulse Meter with Digital Display
LV-HM152	4 meter Hose Mast with Base, Pulley and Hose Hanger

## POLY REFUELLER

### Single Skin Poly Diesel Tanks

#### FEATURES & BENEFITS:

- Single skin solution for bulk diesel
- Cost effective storage tank solution
- Minimal installation costs and low maintenance saves your time and money
- 2 inch fill point with camlock & cap
- Overfill Protection Valve
- Mechanical Float Gauge
- 2 inch Stainless Steel Outlet with Lockable Ball Valve

#### APPLICATIONS:

- Agricultural
- Earthmoving
- Transport

POLY REFUELLER SINGLE SKIN DIESEL STORAGE TANK SPECIFICATIONS				
PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
PR-G5S	5,000	4,750	2,450 (L) x 2,000 (W) x 2,150 (H)	400
PR-G10S	10,000	9,500	2,800 (L) x 2,400 (W) x 2,630 (H)	550

## Diesel Trailers

## FUELTRANS® Single Skin Diesel Trailers

### SINGLE SKIN DIESEL TRAILER FEATURES & BENEFITS:

- Heavy duty chassis
- Road registrable
- Dual axle
- LED tail lights
- Electric brakes with Brakesafe
- Roller Rocker suspension
- 15 inch wheels with Hitch Cruiser hub pattern
- 50mm Tow Hitch and Jockey Wheel
- Baffle Tank with Lockable Filler Lid and Earth Strap

### APPLICATIONS:

- Agricultural
- Earthmoving

FUELTRANS SINGLE SKIN DIESEL TRAILER SPECIFICATIONS				
PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
1500FT-DIST-SS	1,500	1,425	5,000 (L) x 2,150 (W) x 1,600 (H)	775
2000FT-DIST-SS	2,000	1,900	5,000 (L) x 2,150 (W) x 1,500 (H)	805

## Diesel Trailers

## FUELTRANS® Self Bunded Diesel Trailers

### FEATURES & BENEFITS:

- Bunded Diesel Trailer
- Electric brakes
- Dual axle for 1500L/2200L version & tri axle for 3,000L version\*
- Fully lockable fill point & equipment housing
- Optional 12V Hi-Flow Diesel Pump, 10m Reel Meter Filtration & Automatic Nozzle
- Optional Fuel Management System
- Optional Solar Panel, Batteries & Inverter
- Optional Diesel & Petrol Driven Pump Packages

### APPLICATIONS:

- Agricultural
- Earthmoving
- Industrial
- Mining
- Government Department

FUELTRANS SELF BUNDED DIESEL TRAILER SPECIFICATIONS				
PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
1500FT-DIST	1,850	1,500	4,510 (L) x 2,020 (W) x 1,400 (H)	1,450
2200FT-DIST	2,500	2,200	4,510 (L) x 2,020 (W) x 1,630 (H)	1,580

\*3000L available upon request

## Diesel Tanks

## FARM REFUELLERS Single Skin Tank

### FEATURES & BENEFITS:

- Complete with 2" fill point camlock ball valve, check valve and Calibrated dipstick
- Lifting lugs on tank
- Heavy duty front step fitted to front of the tank for access to dip point
- Designed to provide a cost effective solution to replace overhead diesel tanks in the agricultural industry

### APPLICATIONS:

- Agricultural

### FARM REFUELLER SINGLE SKIN DIESEL STORAGE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
FRT-4.5	4,830	4,500	2,895 (L) x 1,800 (W) x 2,005 (H)	668
FRT-8.5	8,948	8,500	3,669 (L) x 2,050 (W) x 2,255 (H)	850
FRT-17.5	18,433	17,500	6,569 (L) x 2,050 (W) x 2,255 (H)	1,463

### FARM REFUELLER SINGLE SKIN DIESEL TANK OPTIONS

- 12V Bi Pump Kit 80 LPM with 4m Hose, Mechanical Meter, Auto Nozzle and 10 Micron Bulk Fuel Filter with Breather
- 240V Bowser 80 LPM with 4m Hose, Mechanical Meter, Auto Nozzle and 10 Micron Bulk Fuel Filter with Breather
- 240V Fuel Management Bowser 70 LPM with 4m Hose, Software Kit, USB Key Reader, Managers Key, 10 User Keys, Auto Nozzle and 10 Micron Bulk Fuel Filter with Breather

**PUMP & METERING PACKAGES**

**DIESEL & ADBLUE PUMP PACKAGES**

The heartbeat of your storage tank and critical in providing your fleet with efficient and reliable dispensing of Diesel, Petrol and AdBlue. With an extensive range of fixed and variable speed submersible pumps, gear pump, electric 12/24v, Diesel Driven and Petrol Driven, we have you covered.

**BOWSERS & DISPENSERS**

We partner with only the best brands that manufacture Bowsers and Dispensers, including Compac, Transponder & Gilbarco. Single or Dual Hose with varying flow rates up to 400LPM. Our Bowsers and Dispensers can be fitted with fuel management systems used for commercial or retail applications.

**UNLOADING PUMP PACKAGES**

Unloading the bulk tankers at high flow rates is key to efficiently and effectively loading your tank. Using only the best brands of pumps and motors to ensure reliability and consistency is achieved.

**FILTRATION PACKAGES**

You can't always control the cleanliness of Diesel fuel being delivered to you but you can control how clean it is when you pump it into your vehicles and equipment. Selecting the correct kits are key to ensuring even the finest contaminants and water particles are trapped before they enter your equipments fuel system.

## FUEL MANAGEMENT SYSTEMS

### PIUSI FUEL MANAGEMENT SYSTEMS

We have every application covered, from low end to high end requirements. The Piusi range offers a unique suite of products designed for small to medium sized operations wanting to track and manage their usage cost effectively.

- Flow Rate: 240V up to 70LPM & 12V up to 56LPM
- Up to 50 users
- Memory 255 transactions
- IP55 protection

### FLUIDLINK

- Dual pump support. Expandable to 6 pumps.
- Real-time management software.
- Multiple ID types can be used on a single system.
- Dual tank ATG (auto dip) compatible.
- Up to 8,000 users per enterprise with the FLUIDLINK AFM, upgradeable to 2,000.
- Extensive reporting capabilities

### FLUIDTRACK FUEL MANAGEMENT SYSTEMS

- Data is recorded instantly via the free online website
- Control up to 4 fuel/oil dispensers
- Records fuel use for up to 2000 vehicles
- Large, easy to read, colour LCD display
- Configure and continuously monitor via the website
- Modular design allows for quick installation and repair
- Can be used as a "preset" delivery system, ideal for lube trucks or workshop lube dispensing systems
- Suits most fuel browsers and bulk flow-meters

### OUTDOOR PAYMENT TERMINALS (OPT)

Our Outdoor Payment Terminal allows you to easily sell fuel at sites that are unattended, like truck stops, small retail stores and service stations after hours. With a number of brands available we can walk you through the process of which system suits your requirements.

## TANK LEVEL MONITORING SYSTEMS

### LEVEL GAUGES & ALARMS

These are basic gauging and alert alarms providing reliable, real time indication of tank fluid levels along with the high level or leak detection alarms. These systems are easy to install and easy to calibrate.

### AUTOMATIC TANK GAUGING

With an extensive range of model and brands to suit both underground and above ground tanks for Diesel, Petrol, AdBlue and other fluids. These systems can be installed and set up to provide you with all the key information remotely through a web portal, including: quality of your fuel, integrity of your tanks, low levels, high levels and much more.

### LEVELTRACK Automatic Tank Gauging

LEVELTRACK is a wireless tank gauging product, designed to be installed in stand-alone tanks.

- Powered by an internal battery
- Solar power automatically recharges the battery
- Always connected to the 4G network
- Updates level readings on web portal at set intervals
- Fuel Types: Suitable for use with Diesel, AdBlue, Oil, Waste Oil and other non-hazardous liquids

### FLUIDLEV Automatic Tank Gauging

The FLUIDLEV premium automatic tank gauging system is available in solar powered, battery powered and mains powered versions, The ATG connects to Clarity, a cloud-based oil management software to enable easy tank-level tracking.

- Multiple sensing technologies to suit different environments and fluids (such as Diesel, Adblue, Oils, Petrol, Water)
- Custom tank-sensing depths available
- Multiple operating modes including real time updates on level changes
- Multiple tanks monitored through one gateway
- Email and SMS alerts for overfill, delivery level and low level

## AdBlue Tanks

### BLUEMASTER

#### Self Bunded AdBlue Fleet Tanks

- Self Bunded tank inside tank design
- Lockable pump bay to protect equipment & fill point
- Made from high quality polyethylene, resistant to UV
- 240V Transfer Pump
- 6m Hose, Auto Nozzle & Auto Nozzle Holster
- Digital Level Gauge
- Overfill protection

#### BLUEMASTER SELF BUNDED ADBLUE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
BM-B3.5	3,000	2,850	2,140 (L) x 1,660 (W) x 2,510 (H)	500
BM-B5	5,000	4,750	2,880 (L) x 2,380 (W) x 2,730 (H)	760
BM-BM10	10,000	9,500	3,000 (L) x 2,500 (W) x 2,960 (H)	1000

### BLUEQUIP SLIMLINE

#### Self Bunded AdBlue Tanks

- Purpose built container with steel outer tank and stainless steel inner tank
- Forklift purposes and lockable pump bay
- Fully insulated tank
- 2" filling line with ball valve and 2" SS dry break fill point fitting
- Standard fitout includes: Multi Stage Submersible Pump, Digital Level Gauge, Mechanical Overfill Protection Valve, Hi level Alarm, Bund Leak Detection Alarm and 240V Electrical Control Box

#### BLUEQUIP SLIMLINE SELF BUNDED ADBLUE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
BS-SS3	3,160	3,000	2,572 (L) x 1,129 (W) x 2,566 (H)	1,807
BS-SS5	5,780	5,490	3,920 (L) x 1,140 (W) x 2,504 (H)	2,361
BS-SS10	12,105	11,500	3,960 (L) x 2,250 (W) x 2,504 (H)	3,302
BS-SS10-S	9,850	9,350	5,901 (L) x 1,125 (W) x 2,504 (H)	3,275
BS-SS23	24,210	23,000	6,960 (L) x 2,250 (W) x 2,504 (H)	5,100

## AdBlue Tanks

### BLUEQUIP

#### Single Skin AdBlue Tanks

- Single skin solution for bulk coolant and AdBlue ideal for indoor applications where tank is going into a bunded area
- Lockable pump cabinet protects against unauthorised access, mechanical damage & extreme weather conditions
- Very cost effective and adaptable for many applications
- 240V AdBlue Pump, 6m Hose, Overfill Protection Valve, OCIO Digital Level Gauge, High Level Alarm, Digital Flow Meter & Auto Nozzle

#### BLUEQUIP SINGLE SKIN ADBLUE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
BS-5K	5,500	5,200	2,450 (L) x 2,000 (W) x 2,150 (H)	400
BS-10K	10,100	9,500	2,800 (L) x 2,400 (W) x 2,630 (H)	550

### BLUEQUIP

#### Single Skin Slimline AdBlue Tanks

- Slimline single skin solution, ideal for smaller indoor applications where tank is going into a bunded area
- Lockable pump cabinet protects against unauthorised access, mechanical damage & extreme weather conditions
- Cost effective & adaptable for different applications
- 240V AdBlue Pump, 6m Hose, Overfill Protection Valve, OCIO Digital Level Gauge, High Level Alarm, Digital Flow Meter & Auto Nozzle

#### BLUEQUIP SINGLE SKIN SLIMLINE ADBLUE TANK SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	SAFE FILL LEVEL (L)	DIMENSIONS (MM)	TARE WEIGHT (KG)
BS-S3	3,000	2,850	2,950 (L) x 800 (W) x 2,150 (H)	300
BS-S4	4,000	3,800	3,200 (L) x 900 (W) x 2,188 (H)	300
BS-S5	5,000	4,750	3,200 (L) x 1,020 (W) x 2,275 (H)	300

Systems

LUBESKID

Onsite Mobile Service Module

A-FLO's versatile LUBESKIDS are your answer to all your mobile oil change and lube services for heavy equipment on-site. Available in two models, the LS10 and the LS30. The LUBESKID is versatile, user friendly and makes servicing mobile plant and equipment easy from the back of trucks, trailers and utes, or conveniently craned or forked onto site and used a static lube station.

LUBESKID LS10 FEATURES:

- 2 x 170L New Oil Tanks
- 2 x 5:1 Ratio Oil Pumps
- 2 x 15m x 1/2" Hose Reels
- 2 x Metered Oil Control Guns
- 1 x 390L Waste Oil Tank
- 1 x 1" Waste Oil Diaphragm Pump
- 1 x 10m x 1" Hose Reel
- 1 x 4 Way EVAC Valve
- 1 x 20K Grease Pump Kit
- 1 x 15m x 3/8" Grease Hose Reel & Grease Gun with Z Swivels
- Forkliftable

LUBESKID LS30 FEATURES:

- 3 x 220L New Oil Tanks
- 3 x 5:1 Ratio Oil Pumps
- 3 x 15m x 1/2" Hose Reels
- 3 x Metered Oil Control Gun
- 1 x 750L Waste Oil Tank
- 1 x 1" Waste Oil Diaphragm Pump
- 1 x 10m x 1" Hose Reel
- 1 x 4 Way EVAC Valve
- Forkliftable

LUBESKIDS SPECIFICATIONS

PART NO.	DESCRIPTION	DIMENSIONS (MM)	TARE WEIGHT (KG)
LS10	LS10 Lubeskid w/ Two New Oils, Waste Oil & Grease	1,100 (L) x 1,300 (W) x 1,450 (H)	400
LS30	LS30 Lubeskid w/ Three New Oils & One Waste Oil	1,650 (L) x 1,500 (W) x 1,450 (H)	550

Systems

BUNDBOX

Mobile IBC Dispensing Systems

The A-FLO BUNDBOX was developed due to growing demand for an integrated dispensing solution for 1000L IBC's.

The heavy duty structure is designed to be forklifted or positioned in the single location with a fully integrated Oil Pump, Hose reel & Oil Control Gun all incorporated in the bund. The A-FLO BUNDBOX has become the preferred choice for many earthmoving, mining and transport companies that regard quality, performance and compliance as number one.

FEATURES & BENEFITS:

- Heavy Duty steel construction IBC banded pallet
- Forkliftable
- Bun drain plug
- Inclusive of different equipment packages

BUNDBOX SPECIFICATIONS

PART NO.	MAX CAPACITY (L)	DIMENSIONS (MM)
BUNDBOX1	A-FLO BUNDBOX 5:1 Oil Distribution System	1000L IBC Steel, Bundbox, 5:1 Ratio Oil Stub Pump, 15m x 1/2" Hose Reel, Metered Oil Gun, Bottom Suction Kit & Wall Mount Bracket
BUNDBOX2	A-FLO BUNDBOX 3:1 Oil Distribution System	1000L IBC Steel, Bundbox, 3:1 Ratio Oil Stub Pump, 15m x 1/2" Hose Reel, Metered Oil Gun, Bottom Suction Kit & Wall Mount Bracket
BUNDBOX3	A-FLO BUNDBOX 5:1 Hi Flow Oil Distribution System	1000L IBC Steel, Bundbox, 5:1 Ratio Oil Stub Pump, 15m x 3/4" Hose Reel, Metered Oil Gun, Bottom Suction Kit & Wall Mount Bracket
BUNDBOX4	A-FLO BUNDBOX 3:1 Hi Flow Oil Distribution System	1000L IBC Steel, Bundbox, 3:1 Ratio Oil Stub Pump, 15m x 3/4" Hose Reel, Metered Oil Gun, Bottom Suction Kit & Wall Mount Bracket

## Systems

### Coolant Recovery System IBC Mounted Coolant Recovery

A-FLO's Coolant Recovery Unit has the ability to suck coolant from drainers or tanks, the Coolant Recovery Unit has a coolant filter fitted which allows you to reuse the drained coolant, free from contaminants.

#### IBC MOUNTED COOLANT RECOVERY SPECIFICATIONS

PART NO.	MAX CAPACITY (L)
AF-CRTKITIBC	1" Diaphragm Pump, 10m x 1" Spring Retractable Hose Reel, Air Regulator with Gauge, Filter Package, 4 Way Evacuation Valve and 3/4" Hi Flow Coolant Gun

### Bulk Oil & Grease Transfer System

We understand flow rates and pressures, with understanding your site and performance requirements, our team can put together a solution to help you move bulk grease and oil with ease. Static or mobile our in house engineering team can assist, from concept right through to installation.

## Systems

### Lubricant Dispensing Container Modules

LubeStore showcases the latest design in the new world of safety, efficiency, portability and compliance in the clean machinery maintenance. It has been fabricated to service the mining, construction an earth moving industries, developed for equipment longevity. LubeStore is built for high-levels of productivity; delivering improved machinery performance through optimising operating costs and protecting asset investment. The state of art design addresses inefficiencies and unsafe workplace practices in equipment maintenance.

#### FEATURES & BENEFITS:

- Certified lifting lugs for portability
- Certified lashing points for security
- Heavy duty 2-pack polyurethane paint system
- Fully bunded according to AS1940-2004 requirements for storing combustibile liquids
- All equipment mounted safely and securely with ease of access for maintenance
- High quality equipment
- Fully protected from external weather damage
- Ventilation incorporated according to AS1940-2004 requirements for storing combustibile liquids
- All air flow into the storage and dispensing unit is rated to G2 as per AS1324.1
- Built-in filtration system for incoming air supply
- Heavy duty bi-fold doors which fold back 270 degrees for safe and easy access by forklifts

#### LUBESTORE SPECIFICATIONS

PART NO.	DESCRIPTION	DIMENSIONS (MM)	TARE WEIGHT (KG)
LS-10HC	4,000L, 4 x 1000L IBC's in dispensing	2,991 (L) x 2,438 (W) x 2,896 (H)	1800
LS-20HC	8,000L, 8 x 1000L IBC's in dispensing	6,058 (L) x 2,438 (W) x 2,896 (H)	3700
LS-40HC	12,000L, 12 x 1000L IBC's in dispensing	12,192 (L) x 2,438 (W) x 2,896 (H)	7500

CASE STUDY

SYMAL

INDUSTRY

Symal Group specialises in major and complex civil infrastructure projects. They are one of Australia's largest self-performing contractors, providing end-to-end delivery of large-scale projects.

The A-FLO Equipment team delivered two 2,200L Diesel trailers and a 13,000L Fuelbox. The trailers included a 12V bl pump kit, hose reel and a 120W solar panel on each to assist in running the Everlink Ltd Fluid Management System. The Fuelbox was fitted with a single hose 100L/minute standard pump package and an Everlink Ltd fluid management system. All units included custom signage and fire extinguishers to complete the package.

PRODUCTS & SERVICES PROVIDED

2 x 2,200L Diesel trailers:

- 2 x 12V BL Pump Kit, 2 x Hose Reels, 2 x 120W Solar Panels
- Equipped with Everlink Ltd Fluid Management System
- Custom Signage & Fire Extinguishers

1x 13,000L Fuelbox:

- Single Hose 100L/Minute Standard Pump Package
- Equipped with Everlink Ltd Fluid Management System
- Custom Signage & Fire Extinguishers

**LINFOX  
WILLAWONG**

INDUSTRY

Transport

**Linfox Logistics built a warehouse in Willawong, QLD. This warehouse is a hub for Linfox customers and the state head office for the Linfox Queensland team.**

Linfox manages their road and rail distribution from the nine-hectare Linfox site which also house a number of consumer and healthcare customs with multiple temperature controlled facilities, modern fleet workshop operations, truck wash and refuelling facilities.

The A-FLO Projects Team worked closely with Linfox to complete a turnkey refuelling solution. The A-FLO Projects Team designed and delivered a Fueltainer FT56/7 Diesel & AdBlue Combo Tank with an integrated Compac Online Fuel Management and Tank Gauging System.

A-FLO Equipment delivered the project on time and within budget.

**PRODUCTS & SERVICES PROVIDED**

Fueltainer FT56/7 Diesel AdBlue Combo Tank (56,000L Diesel SFL & 7,000L AdBlue SFL)

Dual Hose Hi Flow Diesel

Single Hose AdBlue Dispensing System

Compac Online Fuel Management System

Compac Online Tank Gauging System

**BULL BROS EARTHMOVING**

INDUSTRY

**Bull Bros Earthmoving is a civil construction and earthmoving company servicing the Narracoorte area and its surrounds.**

With Bull Bros ever increasing fleet, they required a new refuelling solution, after evaluating the time spend onsite refuelling and the cost savings of bulk fuel and AdBlue, the A-FLO Projects Team provided a turnkey Fultainer FT56/7 Diesel & AdBlue Combo Tank with dual Diesel Hi Flow Nozzles and a single AdBlue Nozzle.

Tracking fuel usage for both on road and off road was imperative to Bull Bros Earthmoving, the FLUIDTRACK Fuel Management System was the best solution for their requirement. FLUIDTRACK is an Australian Made and supported, web based system that is easy to use with no ongoing costs.

**PRODUCTS & SERVICES PROVIDED**

Fultainer FT56/7 Diesel AdBlue Combo Tank (56,000L Diesel SFL & 7,000L AdBlue SFL)

Dual Hose Hi-Flow Diesel

Single Hose AdBlue Dispensing System

FLUIDTRACK Online Fuel Management System

LEVELTRACK Online Tank Gauging System

JJ'S WASTE & RECYCLING

INDUSTRY

Waste Management

JJ's Waste & Recycling are Australia's leading waste management company providing waste disposal, treatment and recovery solutions to a range of industries.

The A-FLO Equipment team designed and delivered a cutting-edge refuelling and dispensing system for JJ's Waste & Recycling - Australia. Including underground pipework, electrical, and 4 remote dispensers, the installation featured an FT95/10 Fueltainer Diesel AdBlue Tank, with 94,710L SFL Diesel and 10,000L SFL AdBlue. The FLUIDTRACK FMS, equipped with 8 Diesel Nozzles and 8 AdBlue Nozzles, ensuring seamless operations.

PRODUCTS & SERVICES PROVIDED

Underground pipework, electrical

4 remote dispensers

FT95/10 Fueltainer Diesel AdBlue Tank, with 94,710L SFL Diesel and 10,000L SFL AdBlue.

FLUIDTRACK FMS

8 Diesel Nozzles and 8 AdBlue Nozzles

CASE STUDY

FDC

INDUSTRY

Fuel

## FDC Construction & Fitout completed two distribution centres for Coles Group in Melbourne and Sydney.

The A-FLO Projects Team installed a Diesel refuelling station for Coles Home Delivery trucks at both sites. The Melbourne site included two tanks, a FT68 Self Bunded Diesel Tank and an FT56/7 Self Bunded Combo Diesel/AdBlue Tank. Customised pipework within the front pump bays ensured fuel could be dispensed to all bowsers with maximum efficiency. Additionally, the tanks can work seamlessly together to supply fuel to all 4 FLUIDTRACK bowsers when one tank runs empty. To optimise efficiency and reduce waiting times, each of the FLUIDTRACK Bowsers can simultaneously facilitate the refuelling of four Coles Home Delivery Trucks.

PRODUCTS & SERVICES PROVIDED

1 X FT56-7 Diesel AdBlue Fuetainer Tanks

1 X FT68 Diesel Fuetainer Tanks

4 X Fluidtrack Diesel & AdBlue Dispensers

Automatic Tank Gauging

All underground civils, pipework and electrical
