

# FUELTAINER SELF BUNDED DIESEL & ADBLUE COMBO STORAGE TANKS

## FEATURES & BENEFITS:

- Self-bunded diesel & AdBlue static storage tank specifically designed to handle larger fuel storage requirements
- Minimal installation costs and low maintenance save you time and money
- Secure lockable pump bay
- All tanks have rounded corners on the roof to provide extra strength in the construction but more importantly, do not allow debris or water pooling in the corners
- Floor drains to a low point at the front of the tank for water removal
- Can be transported by standard trucks, trains, or container handling equipment without cranes
- All tanks are ISO standard shipping container design (10 , 20 , 40 & 48 ) and are built in accordance with all Australian Standards including AS1940, AS1692, AS1657 & UL Approvals
- Ideally suited for use in industries such as Fuel distribution, Power generation, Military transport, Aviation & Construction
