BLUEQUIP ADBLUE® HIGH-LEVEL & BUND ALARM

BEST SELLER

HIGHEST QUALITY GUARANTEED

Bluequip AdBlue® High-Level Alarm is a compact, weatherproof monitoring device designed to prevent overfills and detect bund leaks in AdBlue® storage tanks. Engineered for reliability and ease of installation, this alarm ensures safe fluid management in compliance with environmental standards.

FEATURES & BENEFITS:

· Compatible with AdBlue® – Specifically designed for AdBlue® tanks.
· Dual Options Available:
    High-Level Alarm – Prevents tank overfill.
    Bund Alarm – Detects leaks in containment areas.
· Constant Monitoring – Not a "push-to-test" type; provides continuous protection.
· Battery Operated – Includes PP3 battery with up to 2-year life (tested weekly).
· Weatherproof Design – Rated IP65 for outdoor use.
· Compact Size – Only 90 mm square, ideal for confined spaces.
· High-Power Alarm – 97 dB at 1 m for clear audible warning.
· Visual Alert – Flashing light on top of the unit.
· Mute Function – Silences sounder while light continues flashing.
· Float Switch Included – Comes with 5 m cable for easy installation.
