

FLOMAX FUEL VENT

FLOMAX Fuel Vents are robust and sturdy fuel vents made from all metal components.

FEATURES & BENEFITS:

- Fuel Vent with 5" Tube
- Billet aircraft grade aluminum cap provides superior strength & impact resistance as compared to the inferior and weaker plastic & cast-iron caps on other vents
- Float & sealing balls are housed in a rigid aluminum tube
- Ensures positive seal & repeatable performance

SPECIFICATIONS:

Male Thread	NPT
Male Thread Size	2"

PART NO.

AF-FX-VT	Fuel Vent - Standard (5" stem)
