

GESPASA AG-90 12V/24V DC DIESEL PUMP

The GESPASA AG 90 12V DC Diesel Pump is a self-suction, self-priming Diesel Pump with eccentric self-adjusting blades and a re-circulation bypass. This 12V DC Diesel Pump provides a priming pipe suction of 5M and a flow rate of up to. 70-80 LPM. The GESPASA AG 90 12V DC Diesel Pump is continuous duty and tropicalized diesel pump that comes with an IP55 Protection and Anti-Rust Treatment.

FEATURES & BENEFITS:

- Continuous duty
- Connection through F1" (BSP) threads & flanges
- 3M cable with clamps
- IP-55 Protection
- Flow rate: 85ltr Per Min Free Flow
- Anti-rust Treatment

SPECIFICATIONS:

Brand	Gespasa
Suction	2.5M
Delivery	20M
Priming pipe suction	5M
Free flow	70-80 LPM
Consumption	24-32 A
Motor	0.37 kW (24 VDC) self-ventilated, dust protected
Dimensions	45x23x34
Weight	16.3 Kg

PART NO.

AF-GE-00040	GESPASA AG-90 12V DC Diesel Pump
AF-GE-00042	GESPASA AG-90 12V DC Diesel Pump w/ Switch
AF-GE-00050	GESPASA AG-90 24V DC Diesel Pump
AF-GE-00052	GESPASA AG-90 24 VDC Diesel Pump w/ Switch
