

# GESPASA HIGH FLOW TRANSFER PUMP

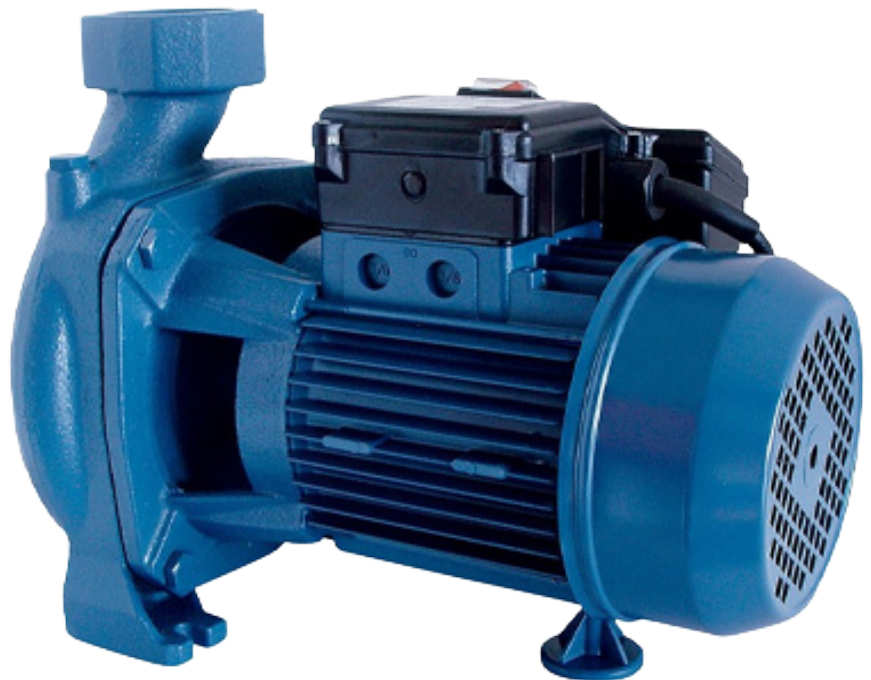

GESPASA High Flow Transfer Pump is a centrifugal pump that can provide flow rates between 100-500LPM based on the manometric height.

## FEATURES & BENEFITS:

- Centrifugal pump
- Continuous Duty
- Thermal protector
- 2,800 rpm

## SPECIFICATIONS:

Brand	Gespasa
Dimensions	54x39x38
Weight	27 Kg
Voltage	230VAC
Flow according to manometric height	From 100 to 500 LPM
Consumption	5-9 A
Inlet	2" BSP
Outlet	2" BSP

## PART NO.

AF-GE-02050

GESPASA CG-150 230 VAC CENTRIFUGAL PUMP
