

GRACO XD40 SERIES OIL REELS

Graco's XD40 and XD50 Series Hose Reels are engineered to take a beating and still reliably perform in harsh environments so it's ready when you need it. Choose from several colour options, thread types and hoses. Typical fluids handled include: Petroleum and synthetic-based oils, diesel fuel, air, water, antifreeze and waste oil.

Ideal for rugged indoor and outdoor use in heavy-duty truck dealerships, fleet maintenance, mining maintenance, public works garages, construction vehicle maintenance, agriculture and service trucks.

FEATURES & BENEFITS:

- Extensive Hose Offering – Standard models come complete with factory installed hoses on the reel, large selection of optional reels to fit various applications
- Full-Flow Swivel – Maximise material flow with minimal pressure drop for faster fills to get more vehicles through your shop
- Rugged and Durable Body – Heavy-duty welded spool and ribbed frame for extra strength and toughness over the long haul
- Meets Worldwide Needs – Built standard with 90° elbow with NPT threads
