

LEVER PISTON HAND PUMP

The HP-100 Dual-flo hand pump is a reliable and versatile solution for all your fuel transfer needs, with a premium design that delivers double the flow of other hand pumps at 1.9 L per stroke. For heavier fluids or for easier pumping, use the second stroke setting. In either handle position, expect economical, trouble-free operation.

The pump is made in the USA with a 2-year warranty and is virtually maintenance-free. It is perfect for industries such as construction, agriculture, and more, where portability, reliability, and versatility are key.

The HP-100 comes with everything you need for easy installation, including a telescoping suction pipe, dispensing hose, pump, lockable handle lever, bung adapter, and anti-siphon valve. It can be easily mounted to tanks with a 2" NPT thread.

FEATURES & BENEFITS:

- Dual-Flo piston design pumps fluid on both the push and pull stroke.
- Two-position handle provides versatility for both high and low flow rate applications.
- Light-weight aluminum body provides corrosion resistance and reduces tank stress.
- Handle lock deters fluid theft
- Comes complete with 3/4 in. x 2.44 m Nitrile fuel dispensing hose with static wire and plastic nozzle.

SPECIFICATIONS:

Type	Piston
Flowrate	1.9L per stroke
Suction Pipe Connection	1" NPT (F)
Outlet Connection	3/4" NPT(F)
Mounting Connection	Direct Mount, 2" NPT (M)
Pump Housing	Lightweight Cast Aluminium
Dispensing Hose	3/4 in. x 2.44 m Nitrile fuel dispensing hose with static wire and plastic nozzle
Suction Pipe	Polypropylene, Telescoping 38 cm - 101 cm x 1" NPT

PART NO.

AF-UF-HP-100-UL	Lever Piston Hand Pump, 189L / 100 Strokes (U/L Approved)
AF-UF-HP-100-NUL	Lever Piston Hand Pump, 189L / 100 Strokes (Not U/L Approved)
