

PIUSI DIESEL PUMPS 240V

The PIUSI Diesel Pumps 240V are self-priming rotary electric vane pumps. These pumps are fitted with a bypass valve and elevated reliability seal. They are compact and easy to install.

The PIUSI Diesel Pumps 240V are ideal for dispensers, fixed fuel transferring systems & other industrial applications.

FEATURES & BENEFITS:

- 240V Self Priming Rotary Vane Pump
- Continuous Duty
- In-built By-pass Valve
- Inlet: 1"
- Outlet: 1"
- Up to 70-90 LPM

SPECIFICATIONS:

Brand	PIUSI
Dimensions	36x30x20
Weight	10 Kg
Voltage	240V
LPM	70 - 90 LPM

PART NO.

AF-FP-732000	PIUSI 240V Panther Transfer Pump Only 70 LPM
AF-FP-73320A	PIUSI 240V Panther Transfer Pump Only 90 LPM
