

PIUSI EX50 DRUM PUMP

The PIUSI EX50 DRUM is a complete pump transfer kit expressly engineered for ATEX/IECEX areas. This system is composed of a high-efficiency pump, manual or automatic nozzle and a telescopic suction hose. Thanks to the flanged components, this transfer set allows users to replace any component without using sealants thus creating maximum versatility and adaptability to any kind of condition. K33 mechanical meter available on request. Upon request it is available with different voltages and 60 Hz frequency.

FEATURES & BENEFITS:

- Premium 12V and 240V Pump EX rated
- Highly efficient pump can deliver up to 50LPM
- Self-priming and have an inbuilt bypass valve
- Optional extras: meters, nozzle holders & auto nozzles
- Water filter
- Fully fitted and ready to mount
- 2" Threaded Mounting Connection
- Flanged components
- Anti-noise filter
- Thermal protection
- 1100mm Suction pipe with integrated filter
- Accuracy: $\pm 1\%$
- Pump kits don't include electrical connections or plugs
