

RAASM 4:1 RATIO HIGH FLOW OIL PUMP

The RAASM 4:1 Ratio High Flow Oil Pump are tried and proven in the field with superior construction and with the highest quality components, it ensures a trouble-free operation in the toughest operating environments.

FEATURES & BENEFITS:

- Flow Rate: 110 LPM
- Seals: Polyurethane
- Fluids: Oils, lubricants & similar
- Provide high performance in capacity (LPM) & operating pressure
- High quality of components ensures lasting and reliable operation even in extreme conditions
- Suction Tube: Carbon Steel
- Suction Tube Upper Body: Carbon Steel
- Air Inlet Connection: 1/2" BSP (f)
- Fluid Outlet Connection: 1 1/2" BSP (f)

SPECIFICATIONS:

Brand	RAASM
Dimension	90x30x30
Litres	110 L
LPM	110 LPM
Weight	63 Kg

PART NO.

AF-RA-150D/41 RAASM 4:1 Ratio Pump - 110L/Min
