

RAASM 430 HIGH PRESSURE & STAINLESS STEEL WATER REEL

FEATURES & BENEFITS:

- Ideal for water wash down, pressure cleaning applications
- Can be roof, wall or bench mounted
- Suitable for environments requiring good resistance to corrosion and in particular the food industries
- Other applications include abattoirs, dairies, chemical & pharmaceutical industries
- Stainless steel swivel joint
- Max. Pressure: 200bar
- Max. Water Temperature: 130 C
- Capacity: 15M x 1/2 or 18M x 3/8 ID Hose

SPECIFICATIONS:

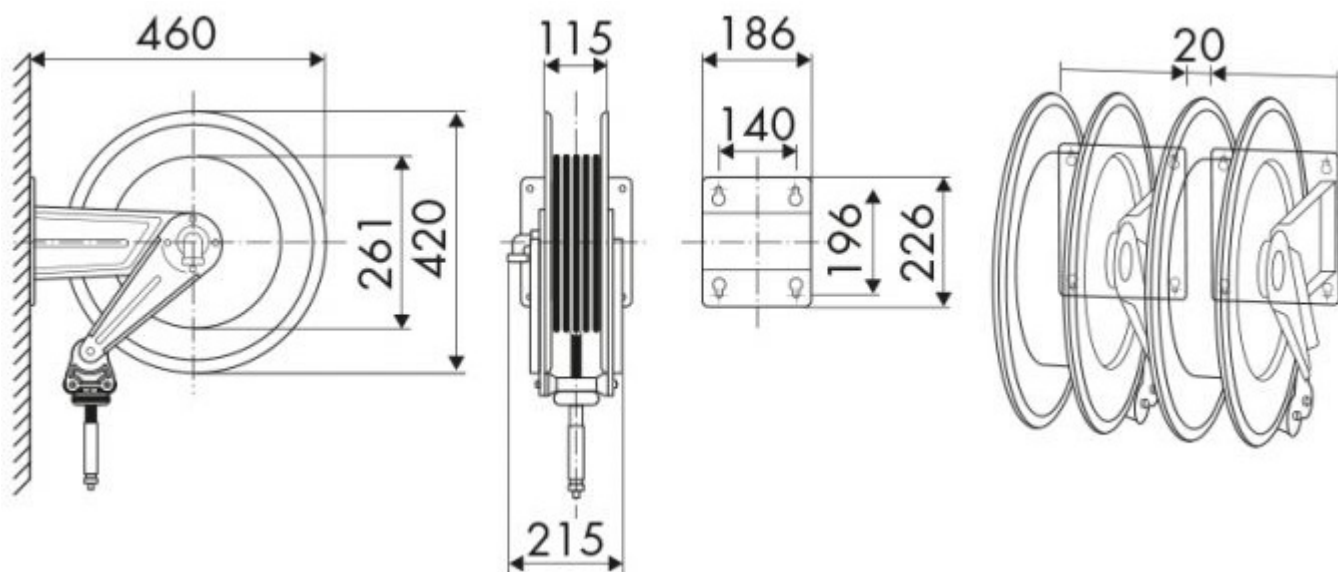

Pressure	200 Bar
Compatible Fluids	Water max 130 C
Inlet	G 3/8" (f)
Outlet	G 1/2" (f)
Swivel Joint	AISI 304 stainless steel
Seals	Viton
Reel Flow Path	AISI 304 stainless steel - zinc plated steel
Dimensions	58x58x20
Weight	17 Kg

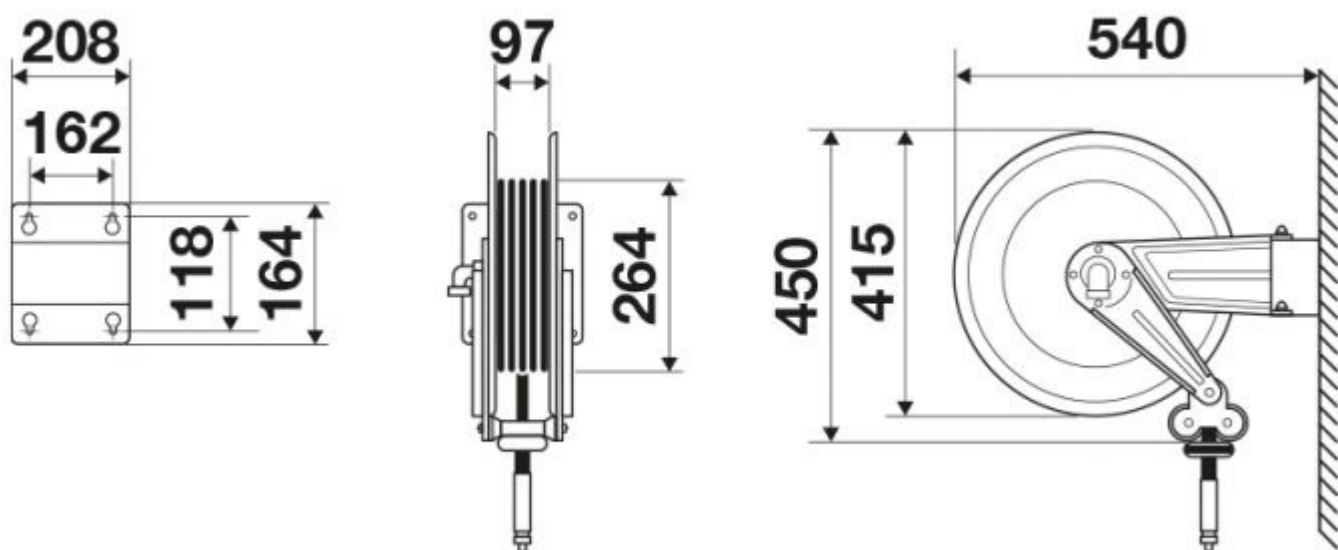

PART NO.		CHARACTERISTIC	MATERIAL
AF-RA-8430.300	RAASM Standard 430 Series Water Reel - Bare (200 bar)	Fixed	Painted steel
AF-RA-8434.300	RAASM Stainless Steel 430 Series Water Reel - Bare (200 Bar)	Fixed	AISI 304 stainless steel
AF-RA-8424.300	RAASM Stainless Steel 430 Series Reel with Swivel Bracket - Bare	Swivelling	AISI 304 stainless steel
