

RAASM 530 SERIES HOSE REELS

The RAASM 530 Series Oil Hose Reels provide a strong reliable option for larger hose lengths and diameters. They are ideal for applications where extra distance is required or higher flow rates are critical

These Hose Reels are equipped with an automatic stopping system that enables the user to lock the hose at any time. The Hose Reel drum features ribbed and rounded edges making it highly robust and resistant to wear and tear.

FEATURES & BENEFITS:

- Can be roof, wall or bench mounted
- Fluids: Oils and Similar fluids
