

RAASM ENCLOSED HOSE REELS SERIES 460

RAASM Series 460 Enclosed Hose Reel is engineered to deliver reliable fluid transfer while maintaining a clean, organised, and professional workshop environment.

Designed with a high-impact ABS enclosed drum and heavy-duty spring rewind mechanism, the Series 460 protects the hose from dust, debris, accidental damage, and harsh operating conditions. Its compact design allows multiple reels to be installed side-by-side, making it the ideal solution for modern workshop service columns and lubrication systems.

FEATURES & BENEFITS:

- Optimised housing allows multiple hose reels to be mounted together without wasted space.
- Impact-resistant ABS drum provides excellent protection while remaining lightweight and corrosion resistant.
- Heavy-duty spring mechanism tested for over 20,000 operating cycles delivers consistent performance throughout its service life.
- Fully enclosed design keeps hoses protected while creating a cleaner and more organised workspace.
- Quick-release pawl system allows simple servicing or free-spooling when required.
- High-quality swivel joints minimise pressure loss while maintaining excellent compatibility across a wide range of fluids.

SPECIFICATIONS:

Width (mm)	545
Depth (mm)	175
Height (mm)	545
Weight (kg)	29.5

AIR & WATER

Working Pressure:	20 bar and 600 bar
Hose Length (m)	12 and 18 meters

OIL

Working Pressure:	150 bar
Line Configurations	Pressure and Return Line
Hose Length (m)	up to 15 metres

PART NO.

AF-RA-9460.102	RAASM 460 Series Enclosed Integrated Air/Water Hose Reel - 18m x 3/8" ID Hose
AF-RA-9460.105	RAASM 460 Series Enclosed Integrated Air/Water Hose Reel - 12m x 1/2" ID Hose
AF-RA-9460.402	RAASM 460 Series Enclosed Integrated Oil Hose Reel 15m x 1/2" ID Hose
