

SELF BUNDED DIESEL OIL MULTI-TANKS

The A-FLO Self Bunded Diesel Oil Multi-Tank is a bunded, versatile storage tank for Diesel, oil, heating, and waste oils. These Tanks are ideal for boilers, filling stations, generators, lube & waste oils, etc.

These Tanks are slimline and coated with zinc on the exterior and are made of polypropylene on the interior. The A-FLO Self-Bunded Diesel & Oil Multi-Tanks come with a level indicator and a leak detector device complete with breathers, fillers and decals. These Multi Tanks are low maintenance and are forkliftable too.

FEATURES & BENEFITS:

- Self bunded, low-cost, slimline, zinc-coated tank with polypropylene inner tank
- Level indicator & leak detector device
- Breather, filler & decals
- Forkliftable
- Available in 750L, 1000L, & 1500L Multi Tanks
