

ULTRAFLO INLINE DIGITAL METERS

The ULTRAFLO Inline Electric Meters are high-quality meters designed to measure substances such as water, diesel, chemicals as well as high viscosity fluids such as oils.

Our inline electric meters boast an aluminum frame that makes them corrosion-resistant to different lubricants. This is very vital for measuring devices such as this one. The meter has an easy-to-read and easy-to-reset LCD Display and can display units in different measurements such as liters, gallons, pints, and quarts.

FEATURES & BENEFITS:

- Robust aluminum construction
- Select display units: liters, gallons, pints, or quarts
- Easy to read and re-settable LCD Display
- 2yr average battery life (battery CR123A)
- Max. Pressure: 100 Bar
- Min. Flow Rate 3LPM
- Accuracy: 0.5% of reading
- Can display units in different measurements such as liters, gallons, pints, and quarts.

SPECIFICATIONS:

Brand	Ultraflo
Dimensions	11x11x9
Weight	1 Kg

PART NO.		FLOW RATE
AF-A-102100B	ULTRAFLO 1/2" Inline Digital Meter	30 LPM
AF-A-102300B	ULTRAFLO 1/2" Inline Digital Coolant Meter (For Measuring Coolant Only)	30 LPM
AF-A-102900B	ULTRAFLO 3/4" Inline Digital Oil Meter	60 LPM
AF-A-102920B	ULTRAFLO 1" Inline Digital Oil Meter	105 LPM
