

ULTRAFLO 120 LITRE OIL & FUEL SPILL KIT

FEATURES & BENEFITS:

- The ULTRAFLO 120L Oil & Fuel Spill Kit is designed for rapid response and reliable spill containment in demanding workshop and industrial environments. Fully compliant with AusSpill quality guidelines and tested to BS5979, this kit helps ensure compliance with AS1940:2017 and Workplace Health & Safety regulations.
- Suitable for absorbing and containing oils, fuels, solvents, and all Class 3 hydrocarbons, the kit is packed in a durable 120L mobile bin for high visibility, fast access, and easy deployment when every second counts.
