

ULTRAFLO 40 LITRE OIL & FUEL SPILL KIT

FEATURES & BENEFITS:

- The A-FLO 40L Fuel & Oil Spill Kit is a compact and portable spill response solution designed for fast, effective clean-up of fuel, oil, and other hydrocarbon-based liquid spills. Supplied in a durable slimline carry bag, it's ideal for mobile operators including truck drivers, field technicians, and machinery operators who need reliable spill control on the move.
- Its space-saving design fits neatly into vehicle cabs, service trucks, and tight storage areas, ensuring critical spill response equipment is always within reach when and where it's needed most.
