

ULTRAFLO IBC LL SPILL PALLETS

AF-SC-2IBCLL

AF-SC-1IBCLL

FEATURES & BENEFITS:

- Made from 100% polyethylene for superior chemical resistance. No rust, corrosion, or degradation ideal for harsh industrial environments.
- High Load-Bearing Capacity - Supports up to 3,000kg (model dependent). Safely accommodates heavy drums and IBCs without compromising stability.
- Sump volumes range from 1200L to 1,800L. Provides effective spill containment to meet environmental compliance standards.
- 4-way forklift entry and forkliftable IBC pallets (empty only) for easy relocation and handling for improved workplace efficiency.
- Flat removable grates for quick sump access to simplifies cleaning and maintenance, reducing downtime.
- Space-efficient design for IBCs to maximise storage capacity while maintaining safety.

This product may be supplied in either of the two available colours shown. Colour selection cannot be guaranteed and will be supplied based on availability.
