

T95/10 FUEL TAINER DIESEL ADBLUE COMBO TANK

ONLY 1 IN STOCK

FEATURES & BENEFITS:

- Self bunded Diesel & AdBlue combo static storage tank specifically designed to handle larger fuel storage requirements
- Minimal installation costs and low maintenance saves you time and money
- Secure lockable pump bay
- All tanks have rounded corners on roof to provide extra strength in the construction but more importantly does not allow debris or water pooling in the corners
- Floor drains to low point at front of the tank for water removal
- Can be transported by standard trucks, trains or container handling equipment without cranes
- All tanks are ISO standard shipping container design (10', 20', 40' & 48') and are built in accordance with all Australian Standards including AS1940, AS1692, AS1657 & UL Approvals

APPLICATIONS:

- Fuel Distribution
- Power Generation
- Military Transport
- Construction
- Transport
- Civil
- Construction
