

# FLUIDLEV

## FLUIDLEV GSM33 SOLAR/BATTERY POWERED ATG

The FluidLev33-G is a solar-powered tank gauge that monitor stank levels and fluid temperatures, offering SMS and email alerts without needing a full fuel management system. Pre-configured for easy installation, it supports diesel, oils, AdBlue, and other additives. With multiple operating modes, including ultra-low power for low solar conditions, the FluidLev33-G is versatile and ideal for various tank gauging needs.

### APPLICATIONS:

- Primary industries
- Infrastructure industries
- Service Sector
- Industrial Sector

### SPECIFICATION:

#### Supply Voltage:

3.7V 18650+Rechargeable Lithium Battery

#### Operating Temperature Range:

-25°C to 55°C

#### Humidity Range:

95% noncondensing

#### Ingress Protection Rating (IP):

IP65 (when appropriate glands are used)

### FEATURES & BENEFITS:

- Solar-powered automatic tank gauge system
- Monitors tank levels and records fluid temperatures
- SMS and email alerts for real-time monitoring
- Pre-configured for quick and easy installation
- Compatible with diesel, oils, AdBlue, and other additives
- A solar panel
- Multiple operating modes, including ultra-low power mode
- Multiple sensor cable lengths & depths available to suit every tank
- Can be installed in any port 1" BSP or greater
