

PULSE[®] PRO

FLUID MANAGEMENT

Pulse Hub. Simply connect the Pulse Hub to a power source and access your local network to get started – without software or a PC. Access monitoring and reporting tools instantly from any network-connected, webenabled device, including a PC, tablet or smartphone.

Pulse Dispense Meter. Technicians can enter pin codes and other data quickly on the heavy-duty meter's large, intuitive display. Or, they can flash an NFC tag to the screen to get started – and all data is tracked directly to the meter, technician and work order.

Part Number: 25U972

8 gpm (30 lpm) Meters

Fluid	Extension	Nozzle	Size (in)	Part Number
Oil	Flexible	Automatic Quick-Close	1/2	NPT 25M319
				BSPT 25M349

				BSPT 25M350

18 gpm (68 lpm) Meters

Fluid	Extension	Nozzle	Size (in)	Part Number
Oil / Antifreeze	Flexible	Manual High-Flow	1/2	NPT 25M324
			3/4	NPT 25M330
	Rigid		3/4	NPT 25M329
				BSPT 25M359

Pulse Tank Level Monitor.

Record tank levels automatically with an ultrasonic sensor. Customized daily reports detailing volumes, discrepancies, alerts and more can be sent instantly to key stakeholders.

Part Number: 2007428

Pulse Pump Air Controller.

Shut off air to the pump automatically when not in use to prevent broken lines or draining tanks from leaking fluid (and costs) all over the shop floor.

Part Number: 24Z676

Extender.

Choose from multiple devices to extend the reach of Pulse throughout your facility.

Part Numbers:

Extender - 20A152

**Remote Extender - 17F878
+ AU Power Supply - 17S658**

NFC Tags.

For user identification with meter. 25 pack - blue.

Part Number: 131462
