

# PIUSI 3000 SUPREME

## FEATURES

- **VOLTAGE FROM 12 TO 24V\***
- **BLUETOOTH CONNECTION**
- **TOTAL CONTROL VIA APP**
- **VIBRATION RESISTANCE**
- **LOW NOISE**
- **COMPATIBLE WITH DIESEL UP TO B20 - HVO/XTL**
- **MAX. PRESSURE 1,5 BAR**
- **IP55**

The **PIUSI 3000 SUPREME** is a highly innovative device designed to offer full pump control and management from a smartphone app, thus helping users fill up with diesel from mobile tanks quickly and safely.

The PIUSI 3000 SUPREME combines new digital technologies with PIUSI's long and proven track-record in the design of fluid management systems such as pumps and flow meters. This new pump is designed to dispense diesel, measure the volume dispensed, manage operator access and solve the problems typically faced by users of transportable tanks.

### PERFORMANCE

UP TO <b>50 L/MIN</b>	FROM <b>12V TO 24V*</b>
FLOW RATE	VOLTAGE
CONTINUOUS DUTY	<b>± 0,5%</b>
DUTY CYCLE	ACCURACY

\* The Piusi 3000 Supreme does not have the ability to monitor the battery and does not provide any type of protection for it.

PIUSI 3000 SUPREME
