

**SELF BUNDED**

# WASTE OIL CUBE TANKS

**AF-CUBE-1K-LWO**  
1000L Waste Oil Cube  
with Large Tray

**AF-CUBE-1K-SWO**  
1000L Waste Oil Cube  
with Small Tray

Designed for convenience and efficiency, our Waste Oil Tanks make it easy to empty small oil containers, dispose of filter elements, or extract oil from larger drums using a powerful pump and wand system.

## KEY FEATURES

### DRAINING POINT WITH HATCH DESIGN

Easily pour waste oils and drain oil filters simultaneously. Includes a basket mesh kit ideal for overnight filter draining.

### SECURE LID

Close the lid while filters are draining, no interruption to other operations.

### 2" CAPPED EXTRACTION POINT

Provides easy and clean access for waste oil removal.

### BUILT TO COMPLY

Manufactured to AS1940 and AS1692 standards for safe storage and handling.

## OPTIONAL ADD-ON

Extraction Pump & Wand System for safer, hands-free oil removal.

## SPECIFICATIONS

### MAX CAPACITY (L)

1,100

### SAFE FILL LEVEL (L)

1,000

### DIMENSIONS (MM)

1,645 (L) x 1,130 (W) x 1,280 (H)

### EMPTY WEIGHT (KG)

653

## APPLICATIONS:

- Agricultural
- Earthmoving
- Industrial
- Mining
- Transport
- Government departments
